MAYOR'S REPORT

2017 COUNCIL PROJECTS:

- Washington: Ordinance Recodification
 - *State law requires that ordinances be updated every ten years. Our ordinances were last updated in 2004. TO DO: Schedule ordinance workshops throughout the year with a target completion date of 12/2017.*
- Cook: Economic Development
 - *Vacant and dilapidated buildings in the downtown area are discouraging growth of business. The state of the buildings make it unfeasible for new business operations due to cost of repairs and extent of repairs that are required. TO DO: The town is in need of a coordinated plan of action to improve economic conditions.*
- Jackson: Neighborhood Revitalization
 - *Residential areas in the west and south of town are in need of revitalization efforts. Needs include dilapidated housing that needs to be removed, street lighting, sidewalks, home rehabilitation, community involvement, and crime prevention strategies. TO DO: Prepare a neighborhood revitalization plan for targeted neighborhoods. This plan should meet the requirements of the SC Neighborhood Revitalization Program in order to pursue potential funding opportunities through the SC CDBG program.*

- Jones: Hazard Mitigation; County and State liaison
 - *The northwest and southwest sections of the town have flooding problems during significant rain events. Town drainage systems need to be examined and needed improvements identified. TO DO: Be proactive as the liaison for county and state issues raised by residents.*

EXECUTIVE SESSION:

- Discussion of contractual matters regarding recommended improvements to the WWTP
Upon returning to open session, Council may take action on matters discussed in Executive Session (per advisement of MASC)
